CLIENT: Rushton Hall  
SITE: Rushton, Northamptonshire  
PROJECT: Rushton Hall, Stableyard Spa

Helo UK have recently created a superbly detailed designer sauna at Rushton Hall Hotel and Spa. The sauna is befitting of this prestigious hotels 4 red stars for hotel accommodation.

### Client Testimonial

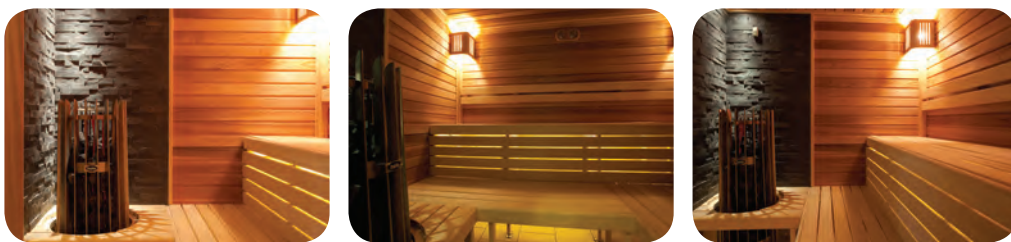

“From my first meeting with the Helo sales representative, right through to the finished product, I found the Helo team to be enthusiastic and excited about designing and building a Sauna that suited our needs.

With professional and clear drawings showing how to utilise space, delivering a modern and inviting Sauna to be enjoyed by our customers.

With aftersales support and a quality build, I would definitely recommend you to use Helo.”

GENUINE SAUNA & STEAM

**A: Sauna**

The sauna features horizontal, contrasting timber panels to create an illusion of space within a small area. The variation in wood colour creates a feeling of warmth and opulence.

**B: Heater**

The Designer Rocher heater has a sauna stone capacity of 90 kilos which provides optimum radiant heat for the bather. With its dark slate feature wall to add ambience as well as acting as a protection around the hottest area of the sauna. This beautifully crafted sauna is a perfect addition to what is already a relaxing sanctuary to unwind.
